# 620. FUND BALANCE

## 1. Purpose
The Board recognizes that the maintenance of a fund balance is essential to the preservation of the financial integrity of the school district and is fiscally advantageous for both the district and the taxpayer. This policy establishes goals and provides guidance concerning the desired level of year-end fund balance to be maintained by the district.

The School District hereby establishes and will maintain reservations of Fund Balance as defined herein in accordance with Governmental Accounting and Financial Standards Board State No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. This policy shall apply to the School District’s General Fund and all other governmental funds. Fund balance shall be composed of nonspendable, restricted, committed, assigned, and unassigned amounts.

## 2. Definitions

**Fund balance** is a measurement of available financial resources. Fund balance is the difference between total assets and total liabilities in the governmental funds balance sheet. Governmental funds for the School District consist of the General Fund, Special Revenue Fund, Capital Projects Fund, and the Debt Service Fund.

GASB 54 classifies fund balances based on the relative strength of the constraints that control the purposes for which specific amounts can be spent. The statement is explicitly for the governmental funds of the school district and has no bearing on the proprietary or fiduciary funds. Beginning with the most binding constraints, fund balance amounts shall be reported in the following classifications:

- **Nonspendable** - Amounts that cannot be spent because they are in a nonspendable form (e.g., inventory) or legally or contractually required to be maintained intact (e.g., principal of a permanent fund).

- **Restricted** – Amounts that can be spent only for the specific purposes stipulated by external resource providers such as grantors or enabling legislation. Enabling legislation authorizes the government to access, levy, change, or mandate and includes a legally enforceable requirement on the use of these funds. Restrictions may be changed or lifted only with the consent of the resource providers.
### Unrestricted –

**Committed** - Amounts that can be used only for specific purpose determined by a formal action of the School Board of Directors, the government’s highest level of decision-making authority. Committed funds may only be changed or lifted by the same formal action taken to commit them.

**Assigned** - Amounts that the School District intends to use for a specific purpose such as the intent to use fund balance in a subsequent year budget.

**Unassigned** – The residual classification for the general fund which includes amounts that are not included within the other categories noted. Unassigned amounts are the portion of fund balance not obligated or specifically designated and is available for any purpose. A negative fund balance should be reported in governmental funds other than the general fund when a deficiency in fund balance exists.

### 3. Guidelines

The school district will strive to maintain an unassigned general fund balance of not less than five percent (5%) and not more than eight percent (8%) of the budgeted expenditures for the fiscal year, the maximum permitted by the Commonwealth of Pennsylvania.

The total fund balance, consisting of several portions including committed, assigned, and unassigned, may exceed eight percent (8%). If the unassigned portion of the fund balance falls below the threshold of five percent (5%), the Board will pursue variations of increasing revenues and decreasing expenditures, or a combination of both, or re-evaluating the obligation of the amounts in the assigned and/or committed classification until five percent (5%) is attained.

### 4. Delegation of Responsibility

The responsibility for designating funds to specific classifications shall be as follows:

1. **Nonspendable** – Responsibility for determining and monitoring lies with the Business Manager.

2. **Restricted** – Responsibility for determining and monitoring lies with the Business Manager.

3. **Committed** – shall be assigned by the Board.

4. **Assigned** – may be assigned by the Business Manager and Finance Committee.
