	<p>150. TITLE I – COMPARABILITY OF SERVICES</p>
1. Purpose	<p>The equivalent distribution of district resources is one means the district shall ensure all students receive a quality education. This policy demonstrates the district’s commitment to ensure that no discrimination occurs in the distribution of resources funded by state and local sources, regardless of the receipt of federal funds.</p>
2. Authority 20 U.S.C. 6321	<p>The Board directs that each district school receiving Title I funds must use state and local funds to provide services that, taken as a whole, are at least comparable to services in those schools in the district that do not receive Title I funds.</p>

3. Definition	<p>The Board acknowledges that comparability may be measured on a grade-span by grade-span basis or a school-by-school basis.</p> <p>For purposes of this policy, grade span is defined as a similar two-grade span difference or less. For example, a grade span of K-2 to K-4, not a grade span of K-2 to K-5.</p>
4. Delegation of Responsibility	<p>If the district has more than one (1) building per grade span, the Assistant Business manager shall complete a Detailed School Data Sheet.</p> <p>Regardless of building per grade span, the Federal Programs Coordinator shall annually complete a Comparability Assurance Form to provide written assurance of equivalence among schools, including the provision of curriculum materials; instructional supplies, and teachers, administrators, and other staff.</p>
5. Guidelines	<p><u>Method of Determination</u></p> <p>For purposes of determining Title I comparability, the district shall use a current year student to staff ratio calculation or a previous year per-pupil expenditure determination, whichever is more favorable to the district.</p>
