Ephrata Area School District Virtual Academy Registration Form

Prior to enrolling in EVA, a prospective student must complete this form and include the signature of a parent. Once completed, please return this form to Ronald Wales or Lauri Grow (see contact information above).

Student Name: _____ Grade: _____

Student Email: _____

Home School: _____ DOB: _____

IEP student _____ GIEP student _____ If so, please list case manager _____

Parent Name: _____ Phone #: _____

Does student have high speed Internet? YES NO Does student have a computer? YES NO

EVA Status: Circle One

Full Time – EVA full time. All work is done at home through EVA.

Part Time – Students who select EVA part-time for 2020-2021, should also select courses from the EASD Online Learning mode to complete their course selection process.

- All EVA students *may* also participate in **one** course per semester that is offered in the Modified Traditional mode.
- Desire for enrollment in the Online mode courses or a Modified Traditional course will be communicated to the building-level staff and administration. After course schedules are produced, parents will have access to them via PowerSchool. Necessary changes to schedules will be communicated from building level staff.

Important information:

- *EVA courses are very rigorous. Students must abide by assignment due dates.*
- *Late Work: Students have two weeks from the due date to turn assignments in. After the two weeks, the assignment will be given a score of 0 with a retry allowed. After the assignment is one month past due it will be a 0 and the student may no longer do it for credit. Elementary students will receive zeroes with retries on any late work immediately. All courses are semester-based and need to be completed by the semester end date. No additional time will be given after the course end date.*
- *Students are expected to work virtually with their teachers when required and when tests will need to be proctored.*
- *Virtual class grades will appear on report cards; however, this grade is only reflective of the student's current progress in the course. The final grade that will go on the transcript will be the final grade the student earned in the course once it is 100% complete. Final exams will be averaged in the course grade as well.*
- *Students are expected to complete courses in which they enroll. If a student decides they do not want to complete a course, they must notify their guidance counselor within 10 days of the start date of their course(s).*
- *Courses have a **Final End Date**. These courses cannot be extended past that date. For first semester courses, the end date is **Friday, January 15, 2021**. For year-long courses and second semester courses, the end date is **Wednesday, June 2, 2021**. Seniors must have all their coursework completed by **Wednesday, May 26, 2021**. There can be no exceptions to these conditions, and all assignments not turned in will be given a score of 0.*

Please refer to our course selection guide. All choices are subject to review by Ephrata Area School District. Occasionally, changes to schedules are necessary to fulfill graduation or course progression requirements. If you are new to EVA, your core course selection levels should mirror those courses you would take in the brick-and-mortar school. For instance, if you were scheduled to take an “honors” designated level course, you should select that level for EVA.

All full-time EVA students must write down their selection for their 4 “core” classes (English/language arts, social studies, mathematics, and science). In addition, all full-time students should select the appropriate physical education / health courses.

Full-time EVA elementary, intermediate, and middle school students: Although it is not required, if you wish, you can write down *one* additional course selection for an elective (in addition to the 4 core courses and health/PE courses). Your maximum total will equal 6 courses.

Full-time EVA high school students: You may select an additional *two* courses to accompany your 4 core and health/PE courses.
