1. Purpose

The Board recognizes that although the primary purpose of the school buildings, facilities, and property is to provide students with an appropriate learning environment, the Board may make school facilities available to individuals and community groups without discrimination and in accordance with this policy, provided the use does not interfere with the educational program of the schools. This policy establishes conditions, restrictions and procedures for the use of school facilities for nonschool sponsored purposes.

2. Authority

The Board directs that use of school facilities may be granted to individuals and community groups for the following types of activities:

1. Instruction in any branch of education, learning, and the arts, consistent with the school district’s mission.

2. Social, civic, and recreational meetings and entertainment and other uses pertaining to the welfare of the community; but such use shall be non-exclusive and open to the public without charge.

3. Polling places for holding primaries, elections, and special elections, as permitted or required by state law.

4. Recreation, physical training, and athletics, including competitive athletic contests for children and adults.

24 P.S. 775

The Board shall establish a schedule of fees for the use of school facilities by approved groups.

3. Delegation of Responsibility

24 P.S. 510.2

The Superintendent shall ensure that this policy is posted on the district’s publicly accessible website.

The Superintendent or designee shall implement administrative regulations or procedures for requesting and granting permission for use of school facilities and shall distribute the necessary information to individuals affected by them.
An application for use of school facilities may be disapproved because of noncompliance with established policy and procedures by the Director of Athletics, Student Activities, and Facilities.

4. Guidelines

Application Process

An individual or community group requesting permission to use school buildings, facilities, or school property must submit the completed Application for Use of School Facilities form to the office of the Director of Athletics, Student Activities, and Facilities at least 30 days prior to the use of the facility. If the application is accepted and the date(s) tentatively reserved, the individual or group is notified that a Certificate of Liability Insurance is required before a Contract can be generated. Proof of Liability Insurance must be submitted three weeks prior to the event or preferably with the application. If the required documents meet with final approval, all parties sign the Contract, the use of school facilities is granted by the Ephrata Area School District to the individual or group. Applications are available in the office of the Director of Athletics, Student Activities, and Facilities or on the School District website.

Conditions of Use

The conditions stated below and throughout this policy shall govern the use of school buildings by nonschool groups. It is important that the conditions be read and understood by all persons and groups renting and using school facilities.

Employees who find that any facilities have been abused or damaged by a group using the facilities are required to report such damage immediately to the principal's office in the building where the damage occurred. The principal will submit a written report to the Superintendent or designee.

There will be a school custodian or a school representative on duty or on call at all times when school facilities are in use. Conduct detrimental to the public interest or abuse of the building is not permitted. It shall be the duty of the organization sponsor to enforce this regulation.

Sponsoring groups are responsible for the proper use of all school equipment and facilities. The building and equipment must be left in a clean, orderly condition. Failure to do so will result in appropriate charges to the sponsoring groups.

Wherever possible, nonpaid rentals should be scheduled during regular custodial work hours.

No Use During School Closing/Early Dismissal
Whenever inclement weather or other emergency condition results in district schools closing or dismissing students early, all events scheduled at district facilities including district events (extracurricular activities and interscholastic contests) and the use of the district facilities by others shall be postponed.

**Prohibited Activities**

**24 P.S. 511**

The following activities are strictly prohibited in school facilities when individuals and community groups are granted written permission to use said school facilities:

4. Conduct that would constitute a violation of the Pennsylvania Crimes Code, and/or state and federal laws and regulations.

5. Gambling, games of chance, lotteries, raffles, or other activities requiring a license under the Local Option Small Games of Chance Act, unless such activity has been expressly authorized by the Board or administration.

6. Use of tobacco and vaping products, including the product marketed as Juul and other e-cigarettes, as defined by law. *Products approved by the United States Food and Drug Administration for sale as a tobacco cessation product or for other therapeutic purposes where the product is marketed and sold solely for such approved purpose, are permitted as long as the product is not inhaled.*

8. Possession, use or distribution of alcoholic beverages.

All school kitchens, cafeteria supplies, and equipment are not available for use unless a cafeteria worker is present at all times. The charge will be based on contracted rates.

In addition, the School District requires that any nonschool organization leasing District facilities provide a current certificate of insurance with minimum limits of $1,000,000 per occurrence for bodily injury and property damage, unless the School Board approves a waiver of such requirement. The School District reserves the right to terminate a lease agreement if the necessary proof of liability insurance is not provided at least three (3) weeks
prior to the scheduled event or preferably with the application.

**Rental Fees**

Rental fees cover the use of facilities, lighting, heat, and normal custodian costs during the activity.

Overtime is charged when the custodian works beyond a forty (40) hour workweek.

Arrangements for the use of extra facilities must be made at the time the fee is determined. Special requests involving labor and/or extra services will be charged at cost.

The rental fee is determined by the Director of Athletics, Student Activities, and Facilities, based on a fee chart approved by the School Board. The rental fee must be paid unless the School Board approves a waiver of such fee.

**Violations**

24 P.S. 511

The district reserves the right to remove from district premises any individual or community group who fails to comply with the terms and conditions of this policy and established procedures.
